A Talk With a Norway Man

Mr. M. W. Sampson, prop. boat transpor-
tation business, of 19 Bridge St.,
Tell of His Experience

There is nothing like a talk with one of our own citizens for giving hope and encouragement to the anxious sufferer from the dread kidney disease. We, therefore, give here an interview with a Norway man.

"It has been some time since I have used Doan's Kidney Pills, but from past experience I can recommend them to anyone in need of a good kidney medicine," says Mr. Sampson.

"A cold settled on my kidney and brought on attacks of backache. I was lame and unable to move any way, the pain in my back was so severe. My kidneys didn't act right and I had dizzy spells. A friend who had used Doan's Kidney Pills with good results advised me to try them so I went to Stone's Drug Store and got three boxes. After I had finished taking them the trouble left and I have been free from kidney disorder since."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Sampson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

SOUTH ALBANY
The two beautiful days with which we
were favored last week, Thursday and
Friday, were much appreciated by every-
one, as we have seen very few such days
this winter. Saturday was warm, but
began with snow and rain in the morning.
The thermometer registered 32 degrees
above at 6:30 Saturday night. Sunday
morning about the same time it was 2
below and did not reach the 10 above
mark for the day. That was the coldest
morning in less than 12 hours the thermom-
eter drops 34 degrees it is small wonder
that so many are afflicted with colds and
all such troubles.

David McAllister, Jr., has been spend-
ing some days at North Albany and
Greenwood.

Preston Flint and sister, Emma Flint,
who have been ill with grip and bron-
chitis are improving. Their cousin, Bert
Flint of Bischoffs, has been staying
there attending to the chores and caring
for them.

Mrs. Rena Henley and little grand-
daughter, June Henley, visited Mrs. Her-
man Holt, Thursday.

Merritt Sawin has been helping Her-
man Holt get in his ice as Mr. Holt was
laid up several days with a bad cold.

Mrs. James Kimball, who fell and in-
jured her knee some weeks ago, has been
lame, but is better.

Mrs. Walter Canwell and daughter Be-
atrice called at Elmer Henley's, Friday af-
ternoon.

Merritt Sawin helped Walter Canwell
butcher a pig, Saturday, and one for Her-
man Holt, Monday.

Walter Lord was on the mail route,
Saturday.

AEROBELL
Electric Vacuum Clothes Washer

The Aerobell is backed by a broad gauge guarantee which in-
sures your satisfaction.
The Aerobell embodies the improvements for which you have
been waiting: Aluminum wringer frame, new type safety release,
big round copper tub with full opening, and only three legs for
steadiness on uneven floors.

Air Pressure and Suction in the vacuum cups actually draw
the soap suds through the fabrics. You can hardly believe how
quickly and thoroughly the air-cushioned vacuum cups clean, and
they can't harm the most delicate articles. There is no belt, and
the mechanism is under the tub, out of the way.

The Aerobell is simple in construction and built to stand
years of hard work. It is designed to reduce effort to a minimum.
You can depend upon it day after day, year after year.

Principle of Operation—When the washer is in operation
the vacuum cups inside the tub move up and down upon the
clothes. At the end of each upward stroke the cups rotate par-
tially around the tub and come down in a different position. Thus
all the clothes in the tub are acted upon equally. On the down-
ward stroke as the cups reach the water they entrap the air, and
as the stroke continues these air cushions press against the
clothes, forcing the soapy water through the pores of the cloth.
On the upward stroke a vacuum is created which draws the soap
solution again through the meshes. Thus, as the vacuum cups
reciprocate they continue to force the hot suds back and forth
through the fabric. During this operation the clothes change
their position in the tub slowly so that all of them in turn come
under action of the cups. The action above described will cleanse
the heaviest blankets and the daintiest fabrics with equal ef-
fectiveness and without the slightest injury.

The capacity of the Aerobell is 8 sheets or their equivalent.

Worry Wears A Life Away

LF

Worry affects the stomach, brings on indigestion,
constipation, biliousness. Again, a generally dis-
ordered system causes worry—a vicious circle! A
clean, healthy system with pure blood, means a
clear brain where worry finds no abiding place. To
enjoy healthy happiness, keep digestion vigorous,
bowels active, the entire internal system clear of
poisonous wastes. Nothing is more effective for this
purpose than genuine "L. F." Atwood Medicine.
Large bottle, 50 cents—1 cent a dose. All dealers.

Kills Bob Cat in Kitchen
When I was a small boy I heard them
tell of a man who heard the dishes rattl-
ing in his cupboard and on opening the
cupboard door found a hedgehog. Well,
that man didn't have anything on Roy
Emerson just across the line here in Chas-
ham. Roy is the brother of our stage
driver and does the work at home. Among
other things he has to go up in the roof
of the barn to get down hay and it is
dark up there. Well, Roy has heard
something run on the hay quite a few
times up there and thought it was some
of the neighbors' cats and didn't pay any
attention to it, but the other day Mr. Cat
came down into the shed and so on into
a back kitchen. Roy was going out
through there and saw him trying to get
out through the window. Roy got Ben-
nice, Roger's wife, to guard the door and
sailed into Mr. Cat with a stick of wood.
Mr. Cat went over Roy's head a few
times but at last Roy got in a hay maker
that sent Mr. Cat to dreamland. Roy
got \$10 bounty. No, sir, hedgehogs in
the cupboard is chicken feed—back to

suffering.
She was born in Poland, September 23,

late Patrick Harrington died at the home
of her son, M. H. Harrington on January
28th at the age of ninety-two years.
Mrs. Harrington was the daughter of
Mr. and Mrs. Hagerty, and was born in
Ireland on December 25, 1830. She came
to this country when a young girl and
found employment in the De Witt Hotel
in Lewiston. After working there for
some years she married the late Patrick
Harrington and came to reside at South
Paris, where they ran a boarding house
for the Grand Trunk Railway Company,
to accommodate the employees who were
putting the railroad through. Later they
moved to Bethel where they accommodat-
ed between thirty-five and forty board-
ers; she doing all of the work herself.
From there they later moved to the Bar-
lett homestead in Greenwood where she
resided for nearly sixty years and where
she tenderly cared for her children, did
her own housework and worked on the
farm besides. In May of the year 1903
her husband passed away and from that
time she has been faithfully cared for by
her youngest son, J. F. Harrington and
wife.

In October of 1923 she was stricken
with a shock which paralyzed her, right
side and which kept her confined to her
bed from that time until the time of her
death. She bore her sickness patiently
and cheerfully, hoping that she would
some day regain her strength sufficiently
enough to enable her to be up and about
the house again. She was tenderly care-
d for by her son and his wife up until
the old homestead was totally destroyed
by fire on January 13, 1923. From where
she was moved to the home of her eldest
son, M. H. Harrington and there was care-
d for by him, her eldest daughter, Han-
nah and her grandchildren.

The funeral was held January 31st,
Rev. Dr. Redden of South Paris officiated.
She was laid to rest in the family lot,
beside her husband. The floral tributes
were very beautiful and loving reminders
of one who is gone. Much sympathy is
extended to the bereaved family.
She is survived by one brother, Mi-
chael Hagerty of San Francisco, Califor-
nia; a nephew Eugene McCarthy of Phil-
adelphia, Pa.; two daughter, Hannah
Harrington and Mrs. Wm. Dearden;
three sons, J. P. Harrington of Duxbury,
Mass., Joseph and Michael of Bethel;
and ten grandchildren, all of whom were
present but one. Among the out of town
people who attended the funeral were,
Mrs. James Lydon of Portland and sons,
James and Martin, J. P. Harrington of
Duxbury, Mass., and Martin Lydon of
Bethel.

Jeanette Campbell is at home with her
mother, Mrs. John Gill.
Morris Chase is hauling wood for Mr.
Copeland.

J. P. Harrington is occupying one of
the rents in the M. E. Naimy block at
Bethel for the present.

School has closed in this vicinity for
the winter vacation. Among those not
tardy for the term were: Lillian Flint,
Mary and Charles Lowe, Lila Conner and
Teresa Conner.

mother's funeral returned to their re-
spective schools Sunday.

LOVELL

They removed Frank Seavey to the
Hospital at Augusta last week.
Mr. and Mrs. Thomas Stearns are at
their daughter's, Mrs. F. A. Harmon's.
They will remain the rest of the winter
as Mr. Stearns is in poor health.

Some boys broke one of the windows
out of the school house and the selectmen
have had the windows boarded up and
are in hopes to find out who did the job
and see if they can do as good a one
putting in windows as they can breaking
them out.

J. O. Hamilton has been confined to
the house the past week by sickness.
School finished Friday, Feb. 2 and
that evening they gave an entertainment
of speaking, singing, etc. A good crowd
was present and reported that they all
did fine.

The clock for the new school house has
arrived and will be put in place as soon
as it gets a little warmer. It was pre-
sented to the Town of Lovell by E. N.
Fox who was born here and was in the
mill business for quite a number of years.
Sold out to his son and removed to Port-
land but says Lovell seems more like
home to him than any other place on
earth. Mr. and Mrs. Fox are in Florida
for the winter and will return to Port-
land in May.

The People's Company

is doing the people's work

Central Maine Power Company has been able to develop 50,000 horse power—and stands ready to develop more as needed—because Maine people have used the Company as an instrument for great industrial good.

Started by a few Maine men, the Company now has the financial backing of more than 9,000 Maine people.

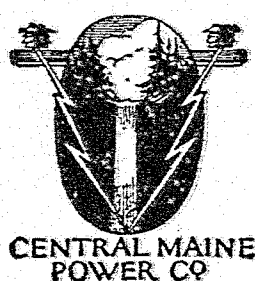

These people are using their money and their influence to make Maine one of the strong, sound, busy industrial states of the East.

These people continue to stand behind the Company—they know it is an honest Maine institution, owned and managed by Maine people, working steadily for Maine's good.

The need for more developed power—and the immediate development of 6,800 horse power more—give Maine investors an opportunity to purchase some of the new issue of 7 per cent. Preferred Stock.

The price is \$107.50 a share—the yield is 6 1-2 per cent. net.

Send for a new circular, which tells what the Company is doing and why its preferred stock is a good investment for Maine people.

SOUTH PARIS

BOY SCOUT NOTES

South Paris Boy Scouts
The following report has been received at County Headquarters from Scoutmaster William H. Harriman, Troop No. 1, South Paris, Maine. Dear Sir:—I am forwarding to you the complete First Class Papers of Scout John Chandler, who as you know is the first 1st Class scout to be appointed in South Paris. In my estimation he has produced very good work in his examinations all the way through. Scout John Chandler is the 25th boy to receive this degree in the last fifteen months. The letter is good proof of his work. Scout Chandler was a member of the Oxford County Scout Camp for the Season 1922.

West Paris Scout Wins Eagle Rank
The West Paris Court of Honor held its last meeting January 31. When Scout Stanley Perham had demonstrated his ability to win the Merit Badges on Electricity, Forestry, Safety First and Civics, official records also showed that he had gained the rank of Eagle Scout. The Eagle rank is the highest rank obtainable in the Scout. Scout Perham has led his troop in knowledge of scoutcraft. He also is the highest ranking scout in Oxford County.

Buckfield Scouts
Things travelled in snappy style at the Buckfield scout meeting last Friday night. A good attendance was out and ready for business. After the open exercises and setting-up exercises given by Scoutmaster Carl Fuller, the troop divided up into Knot Tying and Map Work squads. Executive Perham gave a short talk on the necessity of each scout showing respect to ladies by lifting the hat on meeting. The boy who "tips his hat to a lady" is paying a token of respect to his own mother. Definite plans were laid for a banquet on the 23rd of February. This is to be followed with a hike on the next day. It is planned the Girl Scouts and the Boy Scouts shall join hands with the fathers and mothers at this banquet. Demonstrations of Scout work will follow. A social time will put a final touch to what appears a mighty good time.

BATES—WEST PARIS
The first meeting of the Parent-Teachers' Association was held at the high school building Jan. 22. The following officers were chosen:

Chairman of Educational Com.—Clara Berry.
Chairman of Social Com.—Mrs. Phila May.
Chairman of Press Com.—Mrs. Cora Flavin.
Chairman of Program Com.—Helen B. West.

Meetings are to be held at the school house the second Monday of each month. The next meeting will be held on Feb. 12 at 7 o'clock, much interest centers around this meeting as our town supervisor A. B. Hayes, is expected and will present the school budget for consideration. Also Clarence G. Morton, chairman of the building committee, is expected to be present to discuss school-house problems. This will be a good opportunity to get informed about some school housing facts and should not be neglected. A social program will also be enjoyed and members will formally join the Association at this time.

The officers of Mollycoddett Encampment No. 63, I. O. O. F. were installed Jan. 23 by D. D. G. P. William Cushman, as follows:

ALBANY

Dexter A. Cummings
Dexter A. Cummings passed away very suddenly at the home of his sister, Miss Anna K. Cummings, 24 Chapel street, Lewiston, on Thursday evening, Jan. 25, about 9:30 o'clock. He was busy writing that morning, and then afterwards, spent most of the remainder of the day at Auburn. He returned home before dark, feeling very tired, and had some pain in his chest. Several physicians were called, but those who came were unable to help him as they said he was gone when they arrived. Mr. Cummings had been a great sufferer for years, having undergone five surgical operations, finally losing his leg.

He was tenderly cared for by his two sisters. The last five years were spent with his youngest sister, Anna.

Mr. Cummings was born in Albany, Nov. 7, 1849. He married Ellen Lawrence of the same town. Four sons were born to them, one of whom passed away five years ago last June at the C. M. G. hospital. The other sons are railroad men in the vicinity of Boston.

Mr. Cummings was a farmer and made orcharding a specialty. He was also a very successful teacher for several years and supervisor of schools. He was town clerk many years and was greatly interested in everything pertaining to the interest of the town. He attended the Congregational Church in his home town, was a member of Oxford lodge of Odd Fellows of North Waterford and Round Mountain grange of Albany. He had a large circle of friends and will be greatly missed. He was a genial, kind-hearted man, with ready sympathy for others. Though he had so much that was hard to bear, his courage was wonderful, and he helped and cheered others, wherever he was. For a great many years Mr. Cummings was the correspondent for the Advertiser from Hunt's Corner, Albany.
